Webinar: IEEE Xplore Best Practices and Research Strategies

Fill out the form below to receive the most recent recording of the IEEE Xplore online training webinar to learn best practices and search strategies to optimize your research time. You'll also see a live demo of the newest features added to IEEE Xplore. Achievement certificates are available upon request.

Who Should Attend: This webinar would be of interest to any user of IEEE Xplore looking to optimize their research time for better and faster results. Any engineering professionals, researchers, students, information professionals or other users of IEEE Xplore are encouraged to attend.

About the Speaker:

Jalyn Kelley, MLIS - IEEE Client Services Manager

This session is hosted by IEEE Client Services Manager Jalyn Kelley, a librarian and information professional with over 20 years of experience helping users develop research strategies to find the answers and information they need quickly and efficiently. Jalyn is a member of global team of information professionals responsible for customer outreach, awareness and training programs for the IEEE Xplore digital library. Prior to joining IEEE, Jalyn was a Research Analyst at Computer Sciences Corporation (CSC), and News Researcher at the San Antonio Express-News.
